# Infrastructure Planning Division

The Infrastructure Division will educate and advocate for transportation, infrastructure and development programs throughout the region that promote opportunities for investment that encourage an improved quality of life in our region. Acknowledging that sound infrastructure is a prerequisite for cities and communities to thrive, this division will work to facilitate partnerships and collaboration between business, local entities, municipalities, the county and state and federal agencies to advance important infrastructure projects.

# Governmental Relations Division

The Governmental Relations Division provides Chamber members with access to local, state and federal officials, promotes the understanding of current legislative issues and gives its membership the opportunity for input. This division also provides a forum for discussion of relevant legislative matters, updates on key legislation, and provides leadership on legislation which is important to its members. During election years, the division conducts community candidate forums for municipal, primary, secondary and higher education, county, state and federal elections that provide a fair and unbiased opportunity for members to understand the qualifications and positions of the candidates as well as the key issues affecting an election.

The Community Resources Division focuses on forming effective partnerships and collaborations to offer a positive impact within the community of Fort Bend. As a catalyst for community excellence, the division will research, identify and implement programming to inform and educate the community-at-large on issues impacting the quality of life for the community.

# Fort Bend Leadership Forum

The concept for the Fort Bend Leadership Forum grew out of a real and increasing need for volunteer leadership in Fort Bend County. Solutions to community needs demand the involvement of informed citizens. The Fort Bend Leadership Forum offers creative learning opportunities in an atmosphere that stimulates creative thinking and encourages participants to work together.
